AmeriCorps and Chaffey College Online to

College Program (in partnership with Citrus

College, Crafton Hills College, Cal Poly Pomona,

CSU San Bernardino, UC Riverside-ALPHA Center,

Chaffey Joint Union High School District (CJUHSD)

To be implemented in future years

Partner organizations provide programmatic elements each year for student cohorts as they move through the educational pipeline. Community and business leaders provide presentations to students, serve as role models, and support the scholarship component. The keystone is the "Promise" — a commitment to each OMSD student who completes preparatory requirements — a place at a partner higher education institution and scholarship support.
